AUMOVIO

Data Scientist Intern - AI Data Quality & Analytics (Autonomous Driving)

Jūsų užduotys

As a Data Scientist Intern you will work closely with the deep learning engineers to improve the network training processes. You will join our efforts to improve and optimize our platform and AI development practices in different AI developer teams.

Responsibilities:

- Use agentic AI and data mining tools to improve the quality of machine learning training datasets
- Identify, analyze, and investigate issues in training data, annotations, and model training pipelines
- Develop Python-based analyses and experiments to detect data quality issues and improve training efficiency
- Collaborate with ML engineers to uncover bottlenecks and quality gaps in training code and workflows

Reikalavimai

- **Ongoing studies at a Hungarian university** for at least another 12 months
- Hands-on experience with Python programming
- Hands-on experience using Git version control
- Interest in data science, data mining, machine learning, and AI technologies
- Analytical mindset with strong problem-solving skills
- Conversational English

You'll stand out if you have:

- Experience with PyTorch or other machine learning frameworks
- Experience with robotics, autonomous systems, or sensor-based applications
- Experience with sensor modalities (camera, radar, lidar)
- Experience with LLM-based or agentic AI tools

Mes siūlome

What we offer:

- A supportive and inspiring local team, with opportunities to collaborate across our international development network;
- A dynamic and inclusive work environment where you'll be supported in taking on impactful tasks as you develop your skills;
- A dedicated mentoring program, giving you direct access to experienced colleagues and hands-on guidance in a collaborative team setting;

Budapest

Juridinis asmuo
AUMOVIO Autonomous Mobility Hungary Kft.

- A new and modern office in the heart of Budapest (near Kalvin square).

Ready to take your career to the next level? The future of mobility isn't just anyone's job. Make it yours! **Join AUMOVIO. Own What's Next.**

Apie mus

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
