

Preventive Maintenance Technician I

Your tasks

The Preventive Maintenance (PM) Technician is responsible for performing scheduled maintenance, inspections, and basic repairs on equipment and facilities to ensure reliable operation, minimize downtime, and extend asset life. This role focuses on proactive maintenance rather than emergency repair.

- Perform scheduled preventive maintenance on machinery, equipment, and systems according to PM schedules
- Inspect equipment for wear, damage, leaks, or abnormal operation
- Lubricate, clean, adjust, and replace parts as required
- Follow maintenance checklists and manufacturer specifications
- Identify and report potential equipment issues before failure occurs
- Perform minor corrective repairs discovered during PM activities
- Assist Maintenance Technicians or Mechanics with larger repairs as needed
- Troubleshoot basic mechanical, electrical, hydraulic, or pneumatic issues
- Complete PM work orders accurately and on time
- Record findings, parts used, and measurements (e.g., temperatures, pressures, vibration)
- Report recurring issues or unsafe conditions to maintenance leadership
- Update maintenance logs, CMMS entries, or checklists
- Follow all safety policies, lockout/tagout procedures, and PPE requirements
- Maintain a clean and organized work area
- Support OSHA, environmental, and company safety standards
- Participate in safety meetings and training
- Coordinate with production, facilities, and engineering teams
- Support equipment reliability and continuous improvement initiatives
- Assist during equipment installations, shutdowns, or maintenance outages

Schedule:

Monday - Friday: 8:00am - 5:00pm

Your profile

WHAT YOU BRING TO THE ROLE:

- High School Diploma or GED
- 1+ years of maintenance or manufacturing experience
- Basic electrical knowledge (sensors, switches, control panels)
- Familiarity with hand tools and basic power tools
- Ability to read and interpret electronic and pneumatic schematics
- Strong communication skills

About us

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
