

Mandatory Internship - Product Management

Tus actividades

For the Product Management department at the Villingen-Schwenningen location, we are looking for a student (m/f/diverse) to start in **March 2027** as part of a mandatory internship lasting **6 months**. A combination of voluntary and mandatory internship is possible. The compulsory portion has to be at least 12 weeks.

Your tasks include:

- Supporting the product management team with various ad-hoc tasks, including telematic device onboarding, documentation, and coordination activities across cross functional teams
- Supporting product lifecycle activities, including preparing product documentation and assisting with feature prioritization
- Analyzing product performance metrics and customer feedback to generate insights that support data driven decision making
- Assisting in coordinating product-related projects, preparing presentations, and supporting communication between stakeholders and development teams
- Contributing to go to market preparations, including competitive analysis, content creation, and alignment with marketing and sales teams

Tu perfil

You are wondering whether you are a good fit for the Mandatory Internship - Product Management? Here are some key qualifications, we are looking for:

- Students in the fields of Business Informatics, Business Management, or Industrial Engineering or a comparable field
- Confident use of common MS Office applications
- Fluent German and good English skills, both written and spoken

In addition to these technical qualifications, we are also looking for certain characteristics and abilities:

- Customer orientation
- Strong communication skills, team spirit, analytical thinking, customer orientation, creativity and the ability to work independently

Please remember to upload your **current certificate of enrollment**, your **current transcript of records**, and an **excerpt from your study regulations confirming the requirement for a mandatory internship**, as these documents are essential for processing your application.

If applicable, please also submit your **valid residence permit** and your **work permit including the supplementary sheet**.

Acerca de nosotros

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
