

Manufacturing Associate I/II (C1/C2-Part time)

Your tasks

Manufacturing Associates operate machines that manufacture electronic printed circuit boards for automotive radar detection. Our radar detection products alert drivers to take action when necessary to help save lives everyday.

Core responsibilities include:

- Operate production equipment and processes
- Follow established safety, production, and quality procedures
- Participate in the team's daily start-up communications meeting, assigns work, and establishes job rotation
- Maintain personal training documentation/status including any on-the-job training
- Follow defined Standard Work Instructions (SWI) and provide input for improvement
- Perform workstation audits and inspections and follow-up on abnormalities
- Ensure individual compliance for all established policies and procedures
- Determine and react if operating conditions become abnormal
- Perform complete preventative maintenance routines utilizing established checklists designed to return the equipment to the original state (training provided)
- Actively preserve normal conditions of equipment and/or processes
- Perform first response troubleshooting and minor first line maintenance activities during line down situations.
- Ensure team achieves daily 5S+1, Quality, Delivery, Kaizen, and Cost goals
- Employ various problem-solving techniques (5 Why, 8 D, Cause and Effect, and Fishbone Diagrams, etc.) to drive problems to permanent corrective action
- Participate in teams Kaizen activities to ensure continuous improvement within the work cell

About us

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
