

Internship - Quality Management

담당 업무

We are seeking a detail-oriented and analytical Quality Management Intern to join our team in Petaling Jaya, Malaysia. This internship opportunity offers hands-on experience in quality control processes and continuous improvement methodologies within our organization.

- Assist in developing and implementing quality management systems and procedures
- Collect and analyze data to identify areas for quality improvement
- Support the creation and maintenance of quality-related documentation
- Participate in quality audits and inspections
- Collaborate with cross-functional teams to address quality issues and implement solutions
- Help monitor key performance indicators (KPIs) related to quality metrics
- Contribute to the development of training materials on quality management practices
- Assist in preparing reports and presentations on quality-related topics

지원자 프로필

- Currently pursuing a bachelor's degree in Engineering, Business Administration, or a related field
- Strong understanding of quality management principles and practices
- Proficiency in data analysis and statistical tools
- Excellent skills in Microsoft Office Suite, particularly Excel, Word, and PowerPoint
- Exceptional attention to detail and strong analytical abilities
- Outstanding written and verbal communication skills
- Demonstrated problem-solving capabilities
- Basic understanding of quality control processes and continuous improvement methodologies
- Academic projects or coursework related to quality management is a plus
- Ability to work effectively in a team environment
- Strong organizational skills and ability to manage multiple tasks simultaneously
- Eagerness to learn and contribute to the organization's quality management initiatives

**AUMOVIO Components Malaysia
Sdn. Bhd.**

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
