

Senior Security Analyst for Security Operations Center - IT (TM)

Vaše náplň práce

Join our growing international security team as an analyst (m/f/diverse) in our Security Operations Center (SOC/CDC).

Being on the frontline, shaping the development of our cyber defense, detecting and responding to cyber attacks as they happen.

Your tasks include the following responsibilities:

- Analyzing of EDR/SIEM/security incidents/cyber attacks
- Creation and review of CDC playbooks and SIEM use cases and their automation (SOAR)
- Handling of incident response
- Implementing threat intelligence
- Conducting IT-forensic and malware analysis
- Acting as interface to IT emergency management and other IT instances
- Building Dashboards
- Management Reporting
- Working in projects.

Váš profil

- Academic degree in information technology, or comparable qualification
- Several years of professional experience in information technology with focus in threat intelligence concepts (IOC/IOA) / security analysis / implementation of preventive cybersecurity measures
- Good knowledge in ATT&CK MITRE TTP
- Knowledge about and understanding the 'pyramid of pain' and 'cyber kill chain'
- Knowledge in operating systems and event log analysis as well as protocols and network traffic analysis
- Knowledge about cybersecurity concepts, architectures, solutions
- Very good handling of MS Office software
- Business fluent English language skills written and spoken
- Interpersonal and intercultural skills
- Good (self-)organizational skills as well as ability to work with different stakeholders
- Experienced in project management.

O nás

Continental's Automotive group sector is expected to be listed as independent company "AUMOVIO" in September 2025. With ~93,000 employees worldwide and annual sales of ~€20 billion, we are entering an exciting new era.

AUMOVIO stands for highly developed electronic products and modern mobility solutions. In addition to its strong market position with innovative sensor solutions, displays, and technologically leading braking and comfort systems, AUMOVIO has significant expertise in software, architecture platforms and assistance systems for the rapidly growing future market of software-defined and autonomous vehicles. Our purpose is clear: to make future mobility safe, exciting, connected, and autonomous.
