

Production Supervisor 1st shift

Your tasks

HOW YOU WILL MAKE AN IMPACT

Give direction and supervise the production operations to assure adherence to safety, quality, delivery, schedule and cost requirements. Direct scope includes assemblers; provides leadership and general direction for Maintenance and Process Technicians and Material Handlers on assigned shift. Adheres and executes shop floor management systems.

- Accomplishes manufacturing results by communicating job expectations; planning, monitoring, and appraising job results; coaching, counseling, and disciplining employees; initiating, coordinating, and enforcing systems, policies, and procedures.
 - Maintains staff by recruiting, selecting, orienting, and training employees; developing personal growth opportunities.
 - Maintains work flow by monitoring steps of the process; monitoring personnel and resources; studying methods; implementing cost reductions; facilitating corrections to malfunctions within process control points; initiating and fostering a spirit of cooperation within and between departments.
 - Completes production plan by scheduling and assigning personnel; accomplishing work results; establishing priorities; monitoring progress; revising schedules; resolving problems; reporting results of the processing flow on shift production summaries.
 - Maintains quality service by establishing and enforcing organization standards.
- Provides manufacturing information by compiling, initiating, sorting, and analyzing production performance records and data; answering questions and responding to requests.
- Creates and revises procedures by analyzing operating practices, record-keeping systems, forms of control, and budgetary and personnel requirements; implementing change.

Maintains safe and clean work environment by educating and directing personnel on the use of equipment, and resources; maintaining compliance with established policies and procedures.

THE ENVIRONMENT

- Safety is our highest priority and safety procedures / guidelines must be always adhered to. This includes safety wear such as safety toe shoes, safety vests, gloves at applicable locations and any other station determined PPE.
- The job is within a non-climate-controlled environment where you will be exposed to temperature swings (hot/cold), forklift and pedestrian traffic, and noise.
- The role involves various physical tasks, including lifting and operating machinery, with comprehensive training provided.

About us

The Company

Continental's Automotive group sector is expected to be listed as independent company "AUMOVIO" in September 2025. With ~93,000 employees worldwide and annual sales of ~€20 billion, we are entering an exciting new era.

AUMOVIO stands for highly developed electronic products and modern mobility solutions. In addition to its strong market position with innovative sensor solutions, displays, and technologically leading braking and comfort systems, AUMOVIO has significant expertise in software, architecture platforms and assistance systems for the rapidly growing future market of software-defined and autonomous vehicles. Our purpose is clear: to make future mobility safe, exciting, connected, and autonomous.
