

IT Inhouse Consultant – SAP S/4 Finance Consolidation & Reporting (m/f/d) - REF3667H

Your tasks

As IT Inhouse Consultant – SAP S/4 Finance Consolidation & Reporting (m/f/diverse), you will be responsible for requirements recording, concept development and solution implementation of the group reporting system and technical requirements.

Your tasks will also include the following activities:

- Analyze business requirements and develop concepts for group reporting in close collaboration with the relevant departments
- Management of the implementation of these concepts, ensuring alignment with business requirements and technical feasibility
- Planning and execution of the transformation to SAP S/4HANA Group Reporting
- Drive innovation and use of new technologies in the SAP Finance area
- Integration of new reporting applications into the existing system landscape
- Continuous evaluation and optimization of existing processes and applications
- Individual user support and knowledge transfer
- Support and monitor of the reporting cycles, including administrative tasks
- Leading and coordinating internal and external project team members

Your profile

The ideal candidate (m/f/diverse) will possess the following qualifications:

- Academic degree in Information Technology, or a comparable qualification
- Deep expertise in SAP SEM-BCS and SAP BW
- Experience with SAP S/4HANA Group Reporting and SAP Central Finance
- Knowledge of SAP BTP, SAP Analytics Cloud, and SAP Query Design
- Strong business understanding of group accounting and consolidation processes
- Excellent IT knowledge of process workflows, database architectures and system integration
- Experience in project leadership and project management
- Fluency in German and English, both spoken and written
- Strong communication skills as well as competence in conflict management

Applications from severely handicapped people are welcome.

About us

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
