

Shopfloor Process Lead

Náplň práce

HOW YOU WILL MAKE AN IMPACT

- Provide Shopfloor Team Lead support in the Allentown facility, with a focus on production processes for the OES department. This includes providing support to other shopfloor departments when needed, or as directed by your supervisor.
- Develop and implement process improvements to enhance efficiency and productivity in the OES and VAS departments.
- Support efficiency in the operation but leading time studies, updating existing documents, etc.
- Use SAP in NP1 & TP1 systems for activities related to Production, Shipping, Put-away, and Inventory.
- Support the shopfloor full time and temporary staff in meeting safety, quality, production, housekeeping, and cost objectives.
- Coordinate with Product Management and Quality on all material topics related to production.
- Support visual management in the work areas ensuring areas are clearly marked.
- Ensure that standard work instructions are posted at workstations and being followed by associates.
- Identify training needs, conduct applicable training, and maintain training records for full time and temporary shopfloor staff as defined by company policies, as needed.
- Escalate any productivity or performance issues, and safety or working condition concerns to your supervisor.
- Communicate concerns via email and face to face to all departments and management when issues arise.
- Participate in relevant department meetings as an attendee and/or as a delegate in place of your supervisor as needed.
- Operate packaging equipment used to support packaging processes as needed.
- Palletize, label, weigh, and wrap outbound shipments as needed.
- Report inventory issues to your supervisor and inventory control.
- Support all operational and company decisions made by your supervisor and management.
- Ensure all safety and OSHA guidelines and requirements are met and report any deviation to your supervisor and/or management immediately.

O nás

The Company

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
