

SQM Engineer – Global Category (Decorative Plastic)

Feladatok

We are seeking a SQM Engineer – Global Category Decorative Plastic to join our team in Prai, Malaysia. In this critical role, you will be responsible for ensuring the quality of Decorative Plastic from global suppliers, driving continuous improvement, and maintaining high standards across our supply chain.

- Manage the Quality Assurance & Escalation Management by actively managing supplier component reviews, resolving conflicts, and escalating issues promptly with actionable proposals.
- Plan & conduct the VDA 6.3 audits
- Maintain supplier folders in TEAMS/share drives, manage GQA status in CLM, and ensure proper documentation in SAT tools.
- Ensure the implementation of Category Quality Standards.
- Handling of Engineering Changes and PCN's for series production components.
- To Drive Supplier Quality Improvement Programs (SQIP) if needed.
- Analysis and troubleshooting of plastic injection molding process and secondary processes (e.g. painting, plating, laser etching, etc.) during the different phases of APQP.
- Work with plant Supplier Quality (SQM CI/SP) for activities in which collaboration is needed, (e.g. escalations, technical support, L/L).

Rólunk

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent

company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
