

Deputy Manager - Warehouse / Material flow Management & Transportation

Feladatok

We are seeking a highly organized and efficient Deputy Manager for Warehouse / Material flow Management & Transportation to join our team in Bangalore, India. In this role, you will be responsible for overseeing warehouse operations, optimizing material flow, and managing transportation logistics to ensure smooth and efficient supply chain processes.

- Manage day-to-day warehouse operations, including inventory control, storage, and distribution
- Develop and implement strategies to improve material flow and warehouse efficiency
- Oversee transportation logistics, including route planning and carrier management
- Collaborate with cross-functional teams to optimize supply chain processes
- Analyze performance metrics and implement continuous improvement initiatives
- Ensure compliance with safety regulations and company policies
- Lead and mentor a team of warehouse staff, fostering a culture of excellence and teamwork
- Manage vendor relationships and negotiate operational topics for transportation and warehouse services
- Implement and maintain warehouse management systems and other relevant technologies
- Prepare and present reports on warehouse performance, inventory levels, and transportation costs
