

Electronics Equipment Engineer

Your tasks

We are seeking a detail-oriented and analytical Electronics Equipment Engineer to join our team in Aguascalientes, Mexico. In this role, you will be responsible for:

- Implement standardized manufacturing process for new products
- Work with suppliers to procure equipment based on technical specifications
- Be responsible for the construction, timely delivery, installation and commissioning of equipment used in new product lines
- Troubleshoot and resolve complex technical issues in electronic equipment
- Collaborate with cross-functional teams to ensure product specifications are met
- Develop and maintain technical documentation for electronic systems
- Stay up-to-date with the latest industry trends and technological advancements
- Ensure compliance with relevant industry standards and regulations
- Mentor junior engineers and provide technical guidance as needed

Your profile

- Bachelor's degree in Electrical Engineering
- 5 - 10 years of experience in electronics engineering, preferably in automotive electronics, industrial automation.
- Strong knowledge of industry standards (e.g., IPC, ISO)
- Familiarity with the product development lifecycle
- Advanced English
- Programming skills with PLC Siemens, Test instruments from Keysight, National Instruments, Rohde & Schwarz or languages like C, C++ and Python
- Experience with test equipment including oscilloscopes and multimeters
- Proficiency in CAD software such as Altium or OrCAD
- Proven expertise in circuit design, analysis, and PCB layout
- Excellent troubleshooting and problem-solving skills
- Strong analytical and organizational skills
- Excellent communication and teamwork skills
- Ability to work efficiently in a fast-paced environment

Our offer

About us

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles.

In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
