

Manufacturing Associate II (Repair Operator)

工作职责

The position requires Manufacturing Associate II (Rework/Production Operator) being an active participant in an autonomous manufacturing team, actively providing and implementing ideas to improve their process. Manufacturing Associate II operators are expected to maintain their trainings and skill for reworking the product in compliance with industry standards with highest quality.

- Perform a wide variety of electronic rework tasks including soldering, swapping parts, populating the PCB, and verify the quality of rework per IPC (Institute for Interconnecting and Packaging Electronic Circuits) standards
- Perform standard work instructions given by Quality department, refer drawings, process change notifications to repair or modify assemblies.
- Stay up to date with IPC (610 H, 7711/7721), AOI (Automated Optical Inspection), and X-Ray certifications.
- Identify essential soldering aids, soldering tips and associated consumables and maintain necessary inventory.
- Follow established safety, production, and quality procedures
- Participate in the team's daily start-up communications meeting, assigns work, and establishes job rotation
- Maintain personal training documentation/status including any on-the job training
- Follow defined Standard Work Instructions (SWI) and provide input for improvement
- Perform workstation audits and inspections and follow-up on abnormalities
- Ensure individual compliance for all established policies and procedures
- Determine and react if operating conditions become abnormal
- Actively preserve normal conditions of equipment and/or processes
- Ensure team achieves daily 5S+1, Quality, Delivery, Kaizen, and Cost goals
- Employ various problem-solving techniques (5 Why, 8 D, Cause and Effect, and Fishbone Diagrams, etc.) to drive problems to permanent corrective action
- Participate in teams Kaizen activities to ensure continuous improvement within the work cell

关于我们

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
