

SCM Data Analyst & Performance Management APAC

Descrição da função

1. Data Analytics & Reporting

- Develop and maintain dashboards, predictive models, and automated reports (e.g., special management requirement, task force, inventory, logistics costs, supplier performance).
- Perform root-cause analysis on supply chain disruptions (e.g., delays, excess inventory) and recommend corrective actions.
- Standardize data definitions and metrics across APAC to ensure cross-country comparability.

2. Performance Management

- Define and track SCM KPIs with drill-down capabilities for regional/local teams.
- Conduct benchmarking against industry standards and identify improvement opportunities.
- Lead monthly business reviews with stakeholders to align on targets and progress.

3. Process Optimization

- Identify automation opportunities (e.g., replacing manual Excel tracking with Power BI/Python scripts).
- Collaborate with IT to cleanse and enrich master data (e.g., SKU attributes, supplier tiers, logistics lanes).
- Implement "single source of truth" databases to break down silos (e.g., integrate procurement, logistics, and customs data).

4. Stakeholder Collaboration

- Partner with Procurement, Plant SCM, and Finance to align data needs (e.g., total cost modeling).
- Translate technical analyses into executive-level insights for APAC leadership.
- Train local teams on self-service analytics tools (e.g., Tableau, SAP Analytics)

Quem somos

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
