

SAP ABAP Consultant

Your tasks

About the Role:

We are seeking a skilled and motivated **SAP ABAP Developer** with a minimum of 3 years of applied experience in ABAP programming and SAP module integration. This role is ideal for someone who thrives in a dynamic environment and is passionate about delivering high-quality technical solutions within SAP landscapes.

- Design, develop, test, and deploy custom SAP ABAP solutions.
- Collaborate with functional teams to understand business requirements and translate them into technical specifications.
- Present, implement and document solutions based on business requirements and SAP functionality.
- Perform code reviews, debugging, and optimization of existing programs.
- Develop and maintain reports, interfaces, conversions, enhancements, and forms (RICEF).
- Support SAP modules such as eWM, WM, MM, SD, FI, PP, QM and MDG through ABAP development.
- Ensure compliance with SAP best practices and coding standards.

Your profile

- Minimum of **3 years of experience** in SAP ABAP development.
- Strong knowledge of ABAP Workbench, Data Dictionary, ALV Reports, BAPIs, BADIs, IDocs, User Exits, Enhancements, Object-oriented Programming, and Web Dynpro.
- Experience with SmartForms and Adobe Forms.
- Understanding of integration technologies (IDocs, RFCs, Web Services, APIs).
- Exposure to SAP S/4HANA environments, and familiarity with SAP BTP, Fiori/UI5 and OData services is a plus.
- Strong understanding of SAP development lifecycle and transport management.
- Exposure in end-to-end project implementations is preferred.
- Experience in handling IT Service Management tools.
- Excellent problem-solving and communication skills especially with international teams.
- Bachelor's degree in Computer Science, Information Technology, Engineering (Computer/Telecommunications) or equivalent.

About us

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
