

Supplier Quality Engineer

Vaše náplň práce

HOW YOU WILL MAKE AN IMPACT

Quality:

- Support Quality strategies to achieve the targets aligned with Company goals and objectives
- Review past performances, perform risk assessment versus company goals and objectives.
- Define key focus areas, measurables, targets and identify projects that will impact the achievement of SQM KPI's.
- Deploy agreed SQM Quality strategy to all interested parties
- Implement robust process controls in managing Suppliers to prevent defects from entering the shopfloor (scrap, NCC, blocked stocks) to achieve the profit target.
- Use and support the data system to collect and evaluate supplier quality related key performance indicators (KPI's) and issue periodical quality performance reports and ensure that appropriate improvement actions are initiated
- Contribute to the supplier quality related report in the plant (KPI driven)
- Continuous tracking of the target setting and plan fulfillment (monitoring, analysis control) in the context of Supplier Quality Management System
- Perform process audits (maintenance and nonconformance) for the plant as planned and scheduled
- Secure implementation and compliance to IATF and VDA standards
- Lessons learned & read across

Communication:

- Maintain and expand the business partnership with customers, suppliers and other interested parties.
- Understand customer requirements and deliver accordingly
- Ensures Continental Quality requirements are clearly understood by

O nás

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
