

Internship - Requirements Management

Náplň práce

We are seeking an enthusiastic and detail-oriented IT/ Software/ Engineering Intern to join our Requirements Management team in Perai, Malaysia. This internship offers an excellent opportunity to gain hands-on experience in the software development process, focusing on requirements management within a dynamic corporate environment.

- Assist in gathering, analyzing, and documenting software requirements from stakeholders
- Help in tracking and managing requirements throughout the project lifecycle
- Assist in creating and updating project documentation using various tools and platforms
- Support the team in identifying and resolving requirement-related issues
- Contribute to the continuous improvement of the requirements management process

Profil kandidáta

- Currently pursuing a bachelor's degree in Computer Science, Software Engineering, Information Technology, or a related field
- Familiarity with requirements management tools (e.g., JIRA, Confluence) is a plus
- Strong analytical and problem-solving skills
- Excellent written and verbal communication skills
- Basic programming knowledge in any language
- Proficiency in Microsoft Office suite
- Ability to work collaboratively in a team environment
- Keen attention to detail and a passion for learning
- Strong organizational skills and ability to manage multiple tasks
- Enthusiasm for technology and software development

AUMOVIO Components Malaysia Sdn. Bhd.

Recognizing the need for agility and innovation, Continental has made a visionary move: spinning off the Automotive sector into a new, independent company. This new entity is designed to be a high-speed, high-performance powerhouse, built to thrive in a rapidly evolving landscape. AUMOVIO will be defined not by size or legacy, but by its ability to respond swiftly to changing customer needs, deliver cutting-edge solutions, and balance technological excellence with financial resilience.

In this new era, success belongs to those who are strategically flexible, technologically advanced, and customer focused. AUMOVIO embodies all these qualities. It is set to become the “Adaptive Powerhouse for Future Mobility”, the dynamic force that combines deep automotive expertise with bold innovation.

Together, we are not just witnessing change – we are leading it. With passion, purpose, and performance, AUMOVIO is shaping the future of mobility.
