

Maintenance Manager - Grade 11

หน้าที่ความรับผิดชอบในงานของคุณ

We are seeking an experienced **Maintenance Manager** with a strong background in **machining and assembly processes** to lead our maintenance team. This role is responsible for ensuring the reliability, efficiency, and safety of all production equipment and facilities, while driving continuous improvement initiatives.

- Develop and implement **preventive and predictive maintenance programs** for machining and assembly equipment.
- Supervise and coordinate the activities of the maintenance team, ensuring compliance with safety and quality standards.
- Diagnose and resolve mechanical, electrical, and hydraulic issues in production machinery.
- Collaborate with production and engineering teams to optimize equipment performance and reduce operational costs.
- Ensure compliance with **health, safety, and environmental regulations**.
- Prepare and manage the maintenance budget, reporting KPIs and performance metrics to senior management.
- Lead continuous improvement projects focused on reliability and efficiency.

โปรไฟล์ของคุณ

- Bachelor's degree in **Mechanical Engineering, Industrial Engineering**, or related field.
- Proven experience in **maintenance management**, preferably in machining and assembly environments.
- Strong knowledge of **CNC machines, assembly lines, and related technologies**.
- Familiarity with **lean manufacturing**
- Excellent leadership, communication, and problem-solving skills.
- English proficiency
