

Copilot M365 Plan & Build Specialist - IT (TM)

Your tasks

We are seeking a **detail-oriented and proactive Specialist on Plan & Build for M365 Copilot** to join our global team. In this role you will lead technical readiness and implementation activities for Copilot M365, ensuring seamless integration and scalability.

Key Responsibilities:

- Design and implement Copilot M365 architecture, integrations, and tenant readiness.
- Execute deployment plans, pilots, and migration projects, including add-in compatibility checks.
- Develop automation and monitoring solutions to support service reliability and performance.
- Collaborate with security and compliance teams to align technical configurations with policies.
- Provide technical expertise during rollout and transition to steady-state operations.

Your profile

- Bachelor's degree in Computer Science, Information Technology, or a related field.
- Hands-on experience with Microsoft 365 administration and enterprise deployments.
- Strong understanding of AI integration, Microsoft Graph, and automation tools.
- Knowledge of ITIL processes, particularly Incident and Change Management.
- Familiarity with client & server operating systems and network fundamentals.
- Ability to troubleshoot and optimize collaboration platforms.
- Knowledge of governance, compliance, and security within Microsoft 365.
- Experience managing external service providers.

Soft Skills

- Ability to manage complex technical projects and coordinate cross-functional teams.
- Excellent stakeholder management and communication skills.
- Strong coordination and presentation abilities.

About us

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
