

Quality Manager for Products in Production (QMPP)

Your tasks

- Represent Quality Management in product & production development projects and towards customers during pre-launch, launch and series production.
- Ensure product and customer quality requirements are understood and implemented within the plant.
- Manage PPAP process for internal and external customers, handle communication via customer portals, support audits and customer visits.
- Analyze customer complaints, warranty returns, lead structured problem-solving, initiate corrective and preventive actions.
- Monitor and improve customer performance ratings and quality KPIs, define countermeasures in case of deviations.
- Develop and maintain quality-related documentation (control plans, quality plans, requalification plans, audit reports, quality alerts, etc.).
- Support production teams by coaching on quality methods, audits, problem-solving, and by ensuring non-conforming parts are managed properly.
- Provide proactive feedback from serial production into product and process design, participate in lessons learned, and contribute to continuous improvement initiatives.

Your profile

- Technical degree or technical school (or equivalent experience).
- Work experience in automotive or quality management (recommended, ideally 2+ years).
- Knowledge of quality methods and standards (Structured Problem Solving, Risk Management, FMEA, PPAP, APQP, Control Plan, Change Management).
- Understanding of statistics (Weibull, MSA, 6 Sigma, SPC); 6 Sigma Green Belt certification is an advantage.
- Knowledge of Internal Quality Management Systems (incl. PLC).
- Experience with SAP (e.g., CQTS), CBS knowledge, and production systems (e.g., MES).
- Familiarity with external automotive norms and standards (IATF 16949, VDA 6.3, ISO 9001, product liability).
- Auditor knowledge (internal auditor).
- Strong MS Office skills.
- Good English language knowledge.
- Knowledge in project management is an advantage.

Our offer

- Internal trainings with a dedicated mentor.
- Private health insurance.
- Accident insurance (valid even outside working hours).

About us

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
