

Financial & Controlling Intern

Ihre Aufgaben

At the Budapest location of AUMOVIO's Autonomous Mobility, we create next generation automotive software solutions which make automated driving safe and affordable. We work towards Vision Zero, a goal to eliminate fatal accidents happening every day on the world's roads.

To support the Finance and Controlling team in daily operational tasks, reporting, data analysis, and financial planning processes.

Please note: We will start our active recruitment process in **January 2026**. You can expect feedback regarding your application around that time. Thank you for your patience and understanding—we truly appreciate your interest in joining our team!

Key Responsibilities

- Preparation of monthly, quarterly, and annual financial reports
- Performing plan vs. actual analyses and investigating variances
- Data collection and verification from various company systems
- Creating Excel-based reports, tables, and charts
- Supporting cost analyses and margin calculations
- Administrative support for budgeting and forecasting processes
- Cooperation with other departments (procurement, sales, accounting)
- Preparing ad hoc financial analyses
- Supporting management decision-making with financial materials

Ihr Profil

- Ongoing Hungarian university studies for 12 months at least in Finance, Accounting, Business, or Economics
- Strong Excel skills
- Basic knowledge of accounting and finance
- High level of accuracy and attention to detail
- Good analytical thinking
- Ability to work independently
- Good communication skills
- Availability of at least 20-25 hours per week
- Required languages: advanced English and native Hungarian

Nice to Have

- Previous experience in finance or controlling
- Knowledge of ERP systems (SAP, etc.)
- Power BI or other data analysis tool knowledge

Über uns

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
