

Senior Security Analyst for Security Operations Center (TM)

Jūsų užduotys

Join our growing international security team as an analyst (m/f/diverse) in our Security Operations Center (SOC/CDC).

Being on the frontline, shaping the development of our cyber defense, detecting and responding to cyber attacks as they happen.

Your tasks include the following responsibilities:

- Analyzing E-Mail based alerts
- Deriving playbooks and automations countering E-Mail based attacks based on the changing threat landscape and best practices
- Responding to E-Mail based alerts via technical measures as well as advising user awareness material and training
- Maintaining the E-Mail security toolchain in close collaboration with the messaging platform owners
- To a lesser degree, you will also be included into everyday SOC tasks: Investigation and Response to EDR and SIEM incidents, handling incident response, advising security automation and operations, project support
- Acting as interface to IT emergency management and other IT instances
- Building Dashboards
- Management Reporting
- Working in projects.

Apie mus

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
