

SAP Basis Consultant - two-year determined contract (TM)

Your tasks

We are seeking a skilled **SAP Basis Consultant** to manage, maintain, and optimize the technical infrastructure of our SAP landscape. The ideal candidate will have a solid understanding of SAP system administration, database management, system upgrades, performance tuning, and security management across SAP environments (ECC, S/4HANA, BW, Solution Manager, etc.).

Key Responsibilities

- Install, configure, and maintain SAP systems and components, including S/4HANA, ECC, BW, SCM, PI/PO, Solution Manager and Fiori.
- SAP Output Management
- Implementation of SAP Security Notes
- Manage SAP system landscapes and transport routes.
- Monitor client copies, system refreshes, and system migrations in collaboration with external partners
- Oversee database administration tasks (HANA, Oracle, SQL, or DB2).
- Monitor system performance and troubleshoot issues to ensure high system availability and reliability.
- Analyze system logs, dumps, and workload statistics to identify performance bottlenecks.
- Implement tuning measures and proactive monitoring using SAP tools (ST03N, ST06, DBACOCKPIT etc).
- Plan and execute SAP upgrades, support packages, enhancement packs, and database upgrades.
- Support system conversions and migrations (e.g., from ECC to S/4HANA or on-premise to cloud).
- Manage SAP landscape transformations and integration projects.
- Manage SAP user roles, profiles, and authorizations.
- Implement and maintain system security, including SSL, SSO, SNC, and encryption settings.
- Coordinate with audit and compliance teams to ensure system integrity and adherence to company policies.
- Design and manage system backup and recovery procedures.
- Participate in system restoration and disaster recovery planning.
- Maintain up-to-date technical documentation for all SAP systems and configurations.
- Provide technical support to application and functional teams.
- Participate in on-call support rotations as needed.

Your profile

- Min. 3 years of experience in SAP Basis administration and system support.
- Hands-on experience with SAP Basis administration in both ABAP and Java stacks.

About us

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
