

Material Planner Analyst

หน้าที่ความรับผิดชอบในงานของคุณ

Plan the purchase / disposal of the components and raw material according to the customer's requirements, in addition to checking the quantities of existing components in the warehouse to meet the inventory objectives and cover the production plan.

Main tasks

- Review the raw material inventory of product and service components in the SAP system to determine material coverage.
- Plan and optimize materials stock (planning quantities, reducing waste, keeping stock to minimum, avoiding obsolescences).
- Analyze and maintain MRP (set of requirements), analyze differences and cover releases in base to determine the requirements with the supplier.
- Maintain parameters in SAP system in order to run MRP (MRP views, Source list).
- Confirm sending of releases in SAP system every week.
- Ensure that the supplier receives the releases, send releases to suppliers that do not automatically receive it by system.
- Establish negotiations with the supplier in cases of unmet demand increases and / or requirements within the frozen period (backlog).
- Monitor the air, ground and maritime traffic of raw material with traffic department to ensure reception and goods receipt.
- Maintain communication with the supplier in case of delays in material delivery.
- Coordinate, based on the gross requirement, the priorities for receipt of shipments in transit.

เกี่ยวกับเรา

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
