

## Internship Project Functional Safety Manager for UX (TM)

### Tus actividades

Are you passionate about technology and eager to dive into the world of Functional Safety in automotive? Join our **System Engineering - Display Solutions** team and take your first step toward building a career in cutting edge automotive projects.

As an intern, you will gain hands on experience in how Functional Safety activities are managed within a real automotive project.

You will support the team with:

- Analyzing and tracking Functional Safety requirements (ISO 26262);
- Preparing safety documentation (Safety Plan, DIA, Safety Case, etc.);
- Participating in workshops, reviews, and project meetings;
- Collaborating with HW/SW/System teams to define functional safety measures;
- Tracking safety deliverables across the project lifecycle.

### Tu perfil

We're Looking For Someone Who:

- Is a 1st or 2nd year student in Electronics, Automation & Computers, Mechatronics, Telecommunications, or a related field;
- Is curious, detail oriented, and motivated to learn;
- Has a strong interest in the automotive industry and Functional Safety;
- Has intermediate to advanced English skills;
- Has basic knowledge of embedded systems (a plus, not mandatory).

### Lo que ofrecemos

What we offer:

- Integration Program in a professional, young & dynamic team;
- A mentor for your learning period;
- Recommendation Bonuses for new team members;
- Flexible working hours for your studies.

Wellbeing:

- Health & Wellness (Private Health Insurance, Life Insurance, Sport activities etc.);
- Different discounts (glasses, tires, medical, shopping);
- In-house restaurant & coffee corners.

## **Acerca de nosotros**

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
