

Metrology Laboratory Technician

Tus actividades

The Metrology Laboratory Technician is responsible for performing dimensional measurements, calibration activities, and laboratory testing to ensure that products and components meet defined specifications and quality standards.

This professional supports manufacturing and quality teams by executing measurement routines, maintaining metrology equipment, and ensuring compliance with internal procedures, customer requirements, and applicable quality standards.

The role requires working in rotating shifts to ensure laboratory support for production and quality activities.

Tu perfil

- Technical degree in Metrology, Mechanical Engineering, Industrial Technology, or related fields.
- Experience in metrology laboratory or dimensional inspection activities.
- Knowledge of measurement instruments and dimensional inspection techniques.
- Familiarity with quality standards such as ISO 9001 and IATF 16949 is desirable.
- Ability to interpret technical drawings and GD&T.
- Basic knowledge of quality tools and problem-solving methodologies is an advantage.
- Good analytical skills, attention to detail, and teamwork.
- Availability to work in shifts.

Acerca de nosotros

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
