

IT SAP FI Consultant (TM)

Descrição da função

As a IT SAP FI Consultant you will:

- Conduct thorough analysis of business requirements and design comprehensive SAP FI solutions to address critical business needs.
- Execute precise customization of Accounting module components, including General Ledger, Accounts Payable, Accounts Receivable, and Asset Accounting, to ensure optimal system performance and financial accuracy.
- Meticulously prepare, rigorously test, and execute data migration activities during critical SAP version upgrades.
- Deliver high-quality, time-sensitive support to SAP users on complex FI issues, ensuring minimal disruption to financial operations.
- Systematically troubleshoot and resolve SAP FI system errors and performance issues to maintain system integrity and reliability.
- Actively contribute to project planning, scheduling, and status reporting, while providing authoritative guidance and mentorship to other consultants.
- Vigilantly monitor project progress and identify potential risks, implementing mitigation strategies as necessary.
- Foster effective collaboration with cross-functional teams to ensure consistent high-quality output and successful project completion.

Requisitos

- Bachelor's degree in Information Technology, Finance, or a closely related field is mandatory.
- Minimum of 3-5 years of extensive experience in Accounting module, encompassing support, customization, query development, and project work.
- Comprehensive understanding and expertise in Accounting module components, including General Ledger, Accounts Payable, Accounts Receivable, and Asset Accounting.
- In-depth knowledge of Romanian financial accounting processes is essential; familiarity with accounting practices in other countries is highly advantageous.
- Exceptional communication, analytical problem-solving, and interpersonal skills are critical for success in this role.
- Advanced proficiency in English language, both written and verbal, is required.
- Demonstrable experience with S/4HANA Finance is considered a significant asset.
- Programming skills (i.e. ABAP, SQL)

Quem somos

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
