

Internship - Strategic Purchasing Electronics - REF7819M

Tus actividades

Hey, are you looking for an exciting internship where you can gain valuable insights into the world of strategic electronics purchasing? Then we have just the thing for you!

We are looking for an intern (m/f/diverse) for strategic electronics purchasing to start in **June/July 2026**. For optimal learning success, the internship ideally spans a period of **5 to 6 months**, with a combination of voluntary and mandatory internship also being possible.

Your tasks will include in particular:

- Supporting the implementation of the supplier strategy as well as supplier selection (including sending inquiries, evaluating offers, participating in negotiations and follow-ups)
- Contract management support (e.g. drafting of strategic supplier contracts)
- Preparing, participating in and following up on a weekly top management meeting (e.g. supplier approval for new projects)
- Active participation in the annual budget phase
- Collaboration with international project teams (e.g. quality, logistics, R&D) and interaction with suppliers
- Independent analysis of data (e.g. development of purchasing volume)
- Preparation of presentations for internal and external meetings

Tu perfil

Are you wondering if you're right for the Strategic Electronics Purchasing internship? Here are the important qualifications we are looking for:

- You are studying in the field of economics, business administration, industrial engineering or a related field of study, ensuring you have foundational knowledge relevant to our work
- You should be familiar with MS Office and have a good knowledge of the common programs
- Fluent written and spoken English are essential for us

In addition to these technical requirements, we are also looking for certain qualities and skills:

- You are a person with a high level of commitment, a lot of initiative and a quick grasp and can get excited about many topics
- Creativity is a standard for you and helps you to find unconventional solutions
- You are independent, goal-oriented and structured and know how to work effectively without losing the overview
- Very good communication skills and the ability to work in a team are particularly important to us - after all, we always have to work

Ready to take your career to the next level? The future of mobility isn't just anyone's job. Make it yours! **Join AUMOVIO. Own What's Next.**

Acerca de nosotros

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined

vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
