

Senior/Principal Analog-Mixed Design Engineer (m/f/div) - A OT AESS

Vos activités

As a **Senior ASIC design engineer** you specify, design and implement functional circuit blocks to meet the specifications of an IC in our Advanced Electronics & Semiconductor Solutions (AESS) department in Timisoara.

You have the opportunity to work on AUMOVIO's diverse innovative automotive applications and find optimized solutions for their specific needs.

The stringent automotive requirements are to be met during design.

Willingness to support the circuit's layout and testing is desired.

Your tasks include

- Participation in feasibility studies for ASICs and specification definition
- Transistor level circuit design
- Design, simulation and test of analog and mixed signal circuits
- Design documentation
- Design validation
- Development of test procedures

Votre profil

- Master of Science / PhD in Electrical Engineering / Microelectronics / Physics or similar
- 5+ years of relevant design experience in electronic products
- Experience in design of analog circuits
- Understanding of semiconductor backend production (testing, assembly, failure analysis)
- Experience with Electronics CAD Tools (ideally IC design know-how, Cadence, Synopsys, Mentor)
- Very good English language skills written and spoken
- Planning and organizing skills, ability to take initiative and to communicate effectively, eagerness to grow and develop

Desired design experience in several of the following

- Reference circuits
- Amplifiers
- ADCs
- Interface design
- Regulators

Notre offre

What we offer:

Pay for Performance:

- Achievement Bonuses and Rewards;
- Recommendation Bonuses for new team members;
- Flexibility Program including flexible hours, mobile work and sabbaticals.

Wellbeing:

- Health & Wellness (Private Health Insurance, Life Insurance, Sport activities etc.);
- Different discounts (glasses, tires, medical, shopping);
- In-house restaurant & coffee corners.

Life-Long Learning:

- Dedicated Programs and Conferences;
- Free Language Courses (English, German, French etc);
- Access to e-learning platforms;
- Career development opportunities (local and international);
- Internal development communities (Experts, Agile Community of Practice, Artificial Intelligence etc).

Ready to take your career to the next level? The future of mobility isn't just anyone's job. Make it yours! **Join AUMOVIO. Own What's Next.**
