

AUMOVIO star internship_RF engineer_Architecture and Networking Solutions (Access Solutions)

Feladatok

2nd AUMOVIO star Internship_RF(Radio Frequency) Engineer Intern

(Business Area - Architecture and Networking Solutions (Access Solutions))

The RF Engineer to join our Wireless communication team, responsible for developing/testing UWB(Ultra Wide Band) product & system. This role combines hardware validation, vehicle test, RF system validation and other activities for the whole UWB system.

- Support creating RF systems and subsystems, including schematic block diagrams and complex RF design analysis.
- Support Test RF design elements, troubleshoot RF circuit issues, and conduct system integration and validation tests in the lab and vehicle.
- Support using network analysis tools to optimize RF networks and perform RF path loss calculations.

AUMOVIO Korea Ltd.

Profilja

- Bachelor's or Master's degree in Electrical Engineering, RF Engineering, or related discipline. (including current students)
- Understanding of RF fundamentals: impedance matching, S-parameters, return loss, and radiation patterns.
- Experience with tools such as ADS(Advanced Design System), CST(Computer Simulation Technology), or HFSS(High-Frequency Structure Simulator) for hardware and RF simulation/design.
- Hands-on experience with oscilloscopes, spectrum analyzers, VNA(Vector Network Analyzer), signal generators, and RF measurement tools.
- Familiarity with UWB and BLE technologies and RF design practices.
- Knowledge of vehicle network protocols (CAN, LIN, Ethernet) and power management systems.

Rólunk

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 86.000 employees in more than 100 locations worldwide.
