# Computer Vision and Machine Learning Intern [IDA:00076]

## 工作职责

• Looking for a master's student in the area of Machine Learning with a focus on Computer Vision
• Develop and optimize AI models for image extraction. Perform feature extraction on facial images dataset.
• Convert extracted features into meaningful format useful for further processing
• Work with Research Engineers to further develop the Proof of concepts / Demonstrators

职位号码
**REF82052Y**

工作职能
工程

所在地
**Singapore**

法律实体名称
**AUMOVIO Singapore Pte. Ltd.**

## 职位要求

• Strong understanding of Python and ML Libraries (Numpy, Pandas, Sci-kit learn)
• Experience with Pytorch, OpenCV
• Good Understanding of Computer Vision models and image processing
• Version control with git and Github/Gitlab
• Ability to research and work with minimal supervision

## 关于我们

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
