Quality Technician 3rd shift

Your tasks

HOW YOU WILL MAKE AN IMPACT

Quality representative for the manufacturing process. Requires ability to accept or reject product, contain suspect product, support manufacturing goals for scrap and NOK rate reduction, adhere to established quality requirements & standards, and protecting internal & external customers from non-conforming product for Morganton Plant Production Processes. **Work hours are 3 pm to 11:30 pm Mon-Fri.**

Perform timely testing and analysis on Production parts

(NOK's, process variation, etc) to determine root cause

and provide information / data for corrective actions.

Monitor Production line data (SPC) to focus and prioritize

part analysis and investigations to protect the customer

and lower scrap rates

.1) Perform testing and analysis on Production parts (NOK's, process variation, etc...)

2) Utilize data monitoring tools to highlight analysis priorities.

3) Support (Production, QAP, IT, etc...) in establishing optimized and updated Production data monitoring methods and alert triggers.

4) Develop and maintain current knowledge / information (as necessary) on product and station drawings, specifications, etc...

5) Document findings into individual reports and/or trend information.

6) Work with Sr. Quality Engineer (Jidoka), QAP and FA Operators to establish optimized Production line analysis strategy and support accordingly (Jidoka meetings, training...).

7) Support Plant and Worldwide meetings as needed (Fast response, Jidoka, Internal Defect Management, Scrap Reduction, etc...)

8) Plan and carry out special studies as needed to lower NOK & reject rates or gather data for changes to the process or product.

9) Maintain testing and analysis equipment, perform calibration activities.

About us

We are the Adaptive Powerhouse for Future Mobility, making it safe, exciting, connected, and autonomous. To achieve this goal, we develop, produce and supply technologically leading and market-oriented products, hardware, software and modern mobility solutions. In addition, we offer various services. Our diverse portfolio features a multitude of extremely well-established products and underpins our strong market position.

Born from Continental's Automotive group sector and established as an independent company in September 2025, we are building on decades of expertise while creating something entirely new. With around **87,000 employees in more than 100 locations worldwide** and sales of **€19.6 billion in 2024**, we are a global technology powerhouse – and at the same time, a company at the exciting beginning of its own journey. Our portfolio spans across cutting-edge technologies that make mobility **safe, connected, exciting, and increasingly autonomous**: from sensors and displays to braking and comfort systems, and from advanced software platforms to intelligent driver assistance systems. But what truly defines AUMOVIO is not only what we do – it's how we do it. We empower people to take ownership, explore bold ideas, and push boundaries together. Here, you can play an active role in shaping our culture, driving innovation, and writing the next chapter of mobility.
