

Software Internship (AI focused) for PL4 ANS (Iasi)

หน้าที่ความรับผิดชอบในงานของคุณ

We are looking for a motivated and creative AI Intern to join our team. In this role, you will support the development and implementation of AI-driven software solutions. You will gain hands-on experience with real-world AI projects while working closely with experienced engineers in a collaborative and innovative environment.

Do you want to work as an AI Software Engineer Intern? These should spark your interest:

- **Piloting and adjusting existing AI-based software solutions** using Python and C/C++;
- **Developing prompts** focused on optimizing process steps;
- **Collaborating** with the team to design, build, optimize and integrate AI solutions in SW development process;
- Applying **creative thinking** to identify and evaluate alternative solutions to complex problems;
- **Analyzing challenges** from multiple angles and proposing innovative approaches;
- Contributing to knowledge-sharing sessions and participating in continuous improvement initiatives.

A mentor will support you to gradually take over own responsibility after an initial training phase which will familiarize you with our products, tools, processes and organization.

โปรไฟล์ของคุณ

You can be a perfect match to our team if you have/are:

- University student in Computer Science, Artificial Intelligence, or a related technical field;
- Very good programming knowledge (e.g. Python, C/C++);
- Familiarity with Git and GitHub for version control and collaboration;
- Strong logical, problem-solving skills and the ability to think creatively and explore alternative solutions;
- Good English skills, both written and spoken;
- Analytical mindset, curiosity, and a willingness to learn;
- Committed to teamwork and to contributing positively to a dynamic engineering environment.

Ready to take your career to the next level? The future of mobility isn't just anyone's job. Make it yours! **Join AUMOVIO. Own What's Next.**

เกี่ยวกับเรา

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
