

# AUMOVIO star Internship\_Innovation\_Automotive Operations & Technology

## Feladatok

### 2nd AUMOVIO star Internship\_Innovation Intern\_Automotive Operations & Technology

#### Outlook:

**Innovation Intern: Open Innovation manager** role focused on identifying, engaging, and integrating innovative technologies from external partners into automotive applications.

#### 1. Technology Research & Trend Monitoring

- Analyze market trends, competitive landscape, and open innovation ecosystem to provide actionable insights for decision-making.
- Support new business initiatives, including opportunity assessment, feasibility analysis, and internal alignment.
- Conduct internal tech briefings or mini-seminars on emerging topics such as AI, mobility, robots, and advanced automotive technologies.

#### 2. Stakeholder Communication

- Arrange and manage meetings with diverse stakeholders including startups, customers, partners, and internal business areas.
- Draft meeting notes, summary decks, and progress reports for both internal and external audiences.
- Prepare business documentation to support management reviews and strategic decision.

#### 3. Event Planning & On-Site Operations

- Support the end-to-end planning and execution of key team events, including our annual Innovation Day (open innovation showcase) and customer-facing Tech Day.

#### 4. Demo Car Setup & Hardware Operations

- Support coordination of Demo Car activities for internal and external stakeholders.
- Support the physical setup of our demo vehicle used in Tech Day and related demonstrations including installing and configuring in-vehicle equipment, sensors, and prototype hardware.

## **Rólunk**

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
