

Specialist/ Lead - SCM

Vaše náplň práce

Material Planning & Inventory Management

- Execute **MRP runs and validation** to ensure accurate material planning and availability.
- Identify **material shortages and allocation issues**, and proactively manage supply gaps.
- Develop and share **delivery schedules** with suppliers to ensure smooth and timely material flow.
- Analyze inventory levels using **BW reports** and initiate corrective actions to optimize stock levels.
- Maintain and optimize **slow-moving, expired, and obsolete raw materials**.
- Drive **MOQ reduction initiatives** to improve inventory turnover and reduce carrying costs.

Supplier & Stakeholder Management

- Manage and coordinate with approximately **40 suppliers** (Domestic & Import).
- Track deliveries using **ASN, EDI**, and ensure on-time, qualitative, and quantitative delivery.
- Conduct **supplier visits and audits** to review delivery performance and compliance.
- Perform regular **supplier delivery performance reviews** and drive improvement actions.
- Build and maintain strong **internal and external networks** (SCM, Purchase, Suppliers, Global Teams).

Logistics & Cost Improvement

- Participate in **inventory improvement, logistics cost reduction, CIM, and agility measures**.
- Plan and manage **inventory and logistics budgets** aligned with business targets.
- Ensure continuous improvement in **inward material processes** (measuring, monitoring, reporting, improving).

Cross Functional & Global Coordination

- Support **Advanced SCM (ASCM)** and cross functional teams during new **product launches**.
- Coordinate with **Global SCM and Purchase teams** for global part shortages and allocation scenarios.
- Initiate **ICO procurement** in case of direct supplier shortages.
- Follow up with **Customs/EXIM teams** for all import-export control and clearance issues.

Operational Excellence & Customer Focus

- Ensure **no delays in response** to internal teams and customers.
