

Local SQM Engineer (m/f/div)

Your tasks

This is a full-time, on-site position based in Sibiu. Remote work is not available for this role.

Check out your future responsibilities below:

- Non-conformity Management: Coordinating the supplier complaint process during series production, utilizing the 8D methodology for root cause analysis and monitoring the effectiveness of corrective actions.
- Cost Recovery: Managing the recovery process for logistics and production costs incurred due to supplier quality issues.
- Series Change Management: Evaluating and approving supplier process changes, ensuring compliance with product standards and production continuity.
- Process Audits: Planning and conducting on-site supplier audits according to the VDA 6.3 standard to evaluate production process capability and stability.
- Incoming Inspection: Developing and optimizing incoming inspection processes by defining control plans and acceptance criteria.

Your profile

Essential Skills/Qualifications:

- University degree in Engineering (Technical Studies).
- Minimum 5 years of experience in SQM or Quality
- Knowledge of IATF 16949 and VDA 6.3 methodologies.
- Experience in applying quality tools (APQP, PPAP, FMEA, SPC, MSA).
- Skilled in SAP Quality and Logistics modules, alongside advanced MS Office applications.
- Advanced English skills (written and spoken).
- Valid driver's license (Category B) and willingness to travel to supplier locations.

About us

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
