Feladatok

Senior Project Manager in Architecture and Network Solutions | AUMOVIO Korea

We are seeking a dynamic and experienced **Senior Project Manager in Architecture and Network Solutions** to join our team in Seongnam-si, Republic of Korea. As a Senior Project Manager, you will be responsible for planning, executing, and overseeing various projects from inception to completion, ensuring they are delivered on time, within scope, and within budget.

- Define and ensure project objectives, and establish adequate project organization
- Setup project plan, track the project progress, and define corrective measures if deviating from the plan
- Control project budget and resources
- Decide, report the overall project status (financial and quality KPIs), and escalate issues if necessary
- Represent project in customer (internal/external) meetings
- Negotiate changes and claims with the customer
- Lead the team members functionally, and assign work packages to the respective project team members
- Actively manage stakeholder expectations
- Help build up a supportive culture of cooperation and teamwork within the project

Profilja

- Bachelor's degree in Business Administration, Engineering, or a related field
- Proven experience (10+ years) in Automotive
- Technical project leader or discipline project leader of minimum 1 completed project
- Excellent communication skills, with fluency in English; knowledge of Korean is a plus
- Demonstrated leadership experience and ability to manage cross-functional teams
- Strong analytical and problem-solving skills
- Experience in risk management, budgeting, and financial planning
- Proficiency in stakeholder management and client relations
- Ability to work effectively in a multicultural environment

Rólunk

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
