Business controller ANS

Ihre Aufgaben

Position Summary

We are looking for an experienced and proactive **Business Controller** to support ANS China. This role will act as a key business partner to operations and commercial teams, driving financial transparency, profitability improvement, strategic decision-making, and process excellence across projects and regional initiatives.

Main tasks Business Controller:

1. Preparation and continuous update of project calculations for customer quotations, investment projects, site decisions, and product changes. Provide financial view regarding business strategy in the region and proposals to improve business profitability
2. Transparent preparation of key figures, cost transfers, and cost allocations for management presentations and customer negotiations
3. Interface between Controlling and the Customer Center regarding, for example, pricing, cost optimization processes at the project level, and professional support for project managers in preparing investment applications as well as in forecasting and budgeting
4. Transfer activities from operational topics (business/program controlling) to higher-level strategic areas, such as the operationalization of management targets, and restructuring or portfolio/site cleanup actions
5. Process ownership for specific requirements related to AUMOVIO standards (e.g., post-OC integration topics, contract manufacturing, and proactive further development of existing concepts in collaboration with Region/Segment/BA/Corporate functions

Über uns

Since its spin-off in September 2025 AUMOVIO continues the business of the former Continental group sector Automotive as an independent company. The technology and electronics company offers a wide-ranging portfolio that makes mobility safe, exciting, connected, and autonomous. This includes sensor solutions, displays, braking and comfort systems as well as comprehensive expertise in software, architecture platforms, and assistance systems for software-defined vehicles. In the fiscal year 2024 the business areas, which now belong to AUMOVIO, generated sales of 19.6 billion Euro. The company is headquartered in Frankfurt, Germany and has about 87.000 employees in more than 100 locations worldwide.
